

Welcome The year: 1983-84. The place: Brandon University. On the surface this year was really no different than any other year at B.U. and yet it was. It was a unique year for all B.U.

students.

We had some bad times, but we had a lot good times; and we survived. It was another year with lot more faces to get to know.

PRESIDENT'S MESSAGE

It is a pleasure and an honour to extend my best wishes and congratulations to the Class of 1984.

As you look back upon your years with us at Brandon University, I hope that the positive experiences - those of growth, of learning, of fellowship - will be the ones you most remember. As you witnessed at our May Convocation, we are part of a very special, even unique, community. Because Brandon College, its alumni, faculty, staff and friends go back to the 1880's in history, we are a closely knit group of people who share a special heritage.

You are now part of that group, a group that includes persons like our honoured Chancellor, Dr. Stanley Knowles. I am proud to welcome you to the alumni of Brandon University and look forward to a long and friendly

BUSU President

The publication of the 1984 edition of The Sickle serves as a reminder that another academic year is at an end. It also means that I, as President, have to comment upon the situation at Brandon University. So far in my short two months as President all has been fairly quiet: no political grumblings, no B.U.S.U. resignations, no scathing reports by The Quill, and no student revolts. So far so good.

As far as B.U.S.U. the organization goes, it has never been running better, thanks to a capable preceding council led by President Reg Helwer and the efforts of our very proficient office manager Donna Doherty. This year's council is very enthusiastic and willing to work hard for the students at B.U. This, of course, makes my job so much easier. We have seen this year an increase in participation in the Union's activities which resulted in a large turnout at this year's elections, not only at the polls (25% turnout) but, with the exception of one position in B.U.S.U. all were contested, some by two or three people. With an enthusiastic council and the support of the student body I am very optimistic for the up and coming year.

Last year's council made the Student Union Building a priority and the new council shall continue to carry the torch. Since its conception over 23 years ago, the building has never been closer to reality. However, we are still quite short on the financing to start construction. The S.U.B. fund sits at \$500,000 and the cost of construction will be \$1,400,000. Over the summer months we plan to work hard lobbying the provincial and federal governments for additional funding and hopefully construction will start before the fall session.

It has been a very interesting year at B.U. with the change in university presidents from Dr. Perkins to Dr. Curly Tyler, the controversy of that event, the subsequent national news coverage and most recently a call for administrative restructuring. But with all the controversy that B.U. has been involved with, it still managed to continue to do what it is here for and over 200 graduates received diplomas this spring to prove it.

On behalf of the 1984/85 B.U.S.U. council I would like to extend congratulations to the Class of '84 on their hard work and dedication throughout their university education and wish them happiness and success in their chosen endeavors. A piece of Brandon University leaves with you wherever you go.

MARCH

After six months many students were ready to freak out, and that they did at the annual Freakers Ball put on by the Psychology Club.

The I.S.O. and Chinese Organisation satisfied more than 150 curious people with various exotic dishes. This was held during the Winter Carnival.

March was indeed a busy month; the English Club held a Great Gatsby Social, the Political Science Club finished off their year with a wind up, and there was a farewell for Professor Grant.

It's the hearts we touch,
The friends who care,
Our companions along the way...
The people we cherish,
the dreams we share,
That weave into life all that's
bright and fair,
The richness that will stay

"Life's but a waking shadow, a poor player, That struts and frets his hair upon the stage, And then is heard no more; it is a tale Told by an idiot, full of sound and fury, Signifying nothing."

Shakespeare

"If we do meet again, why, we shall smile! If not, why then, this parting was well made."

You are a child of the universe no less than the trees and the stars. You have a right to be here, and whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God what ever you concieve him to be...keep peace with your soul.

Excerpt from Desiderata

Shirley Forsyth

Life is line of faces past present and future

A learned man has always wealth within himself.
